

DECEMBER - HOT CANDIDATES

Candidate #462765 – Engineering Manager/Project Manager – Washington County area

Engineering Leader with over 20 years of progressive experience in design, project management and supervision of engineering staff. Experience includes: Design Reviews, DFM/A, skills assessment/staff development, risk analysis, and team leadership. Recent experience has centered on high volume, plastic injection molded part design for automotive applications. BSME from MSOE.

Candidate #217142 – Senior Mechanical Designer – Brookfield/Waukesha area

Senior Mechanical Designer with over 15 years of experience in the design of precision structural and sheet metal components. Also skilled in providing customer support to resolve product related issues. Certified Solidworks Professional since 2004, as well as a Certified Solidworks Technician. Diploma in Mechanical Drafting from MATC.

Candidate #462563 – Process Design/Project Engineer – Milwaukee/Racine/Kenosha area

Project/Process Engineering Professional with 3+ years of experience in 3D modeling, P&IDs, process flow diagrams, and field/project management experience. Additional responsibilities include: leading customer training sessions, supervision of equipment installation and maintenance. BS – Chemical Engineering from UW-Madison. Relocating to the area to be closer to family.

Candidate #460992 – Industrial Engineer – Milwaukee or Madison area

Industrial Engineer with 2+ years of experience in mechanical design, as well as biomedical research. This candidate desires to build a diverse industrial engineering career using skills in design, process improvement, and research. Additional interests include: mechanical engineering, process design and development, testing and materials. This candidate has excellent communication, problem solving and intellectual skills well-suited to a diverse manufacturing environment. Bachelor's and Master degrees in Industrial Engineering.

Candidate #462746 – Human Resources Generalist/Recruiter – Waukesha area

Human Resources Generalist with six years of experience in recruiting, on-boarding, employee relations, training/development and retention. This candidate has worked in both manufacturing and non-manufacturing environments. Software proficiency includes: MS Suite, Kronos, ADP, LMS and TMA. Bachelor's degree in Business (Human Resources Emphasis).

Candidate #462353 – Mechanical Designer – Franklin/Racine area

Mechanical Designer with four years of experience in the design and development of industrial/commercial products. Experience includes Mechanical Design, BOM generation, quoting, and updating company PDM. Strong experience using SolidWorks, AutoCAD and Microsoft products. This candidate has unique project planning and management skills given their limited years of experience. Associate Degree in Mechanical Design.

Candidate #462859 – Mechanical Engineer – Milwaukee, Racine, Kenosha Area

New BSME graduate with about 1.5 years of internship experience. Background includes: fixture and gauge design, implementation of machining processes for new product launches, generation of BOMs, as well as development of work instructions. CAD proficiency includes: Inventor, Solidedge, AutoCAD and Creo. Software proficiency with Esprit, G-Code, MS office, and SAP. BSME from UW-Milwaukee.
